ENVIRONMENTAL POLICY STATEMENT

Keeling & Walker Limited is a leading manufacturer and worldwide supplier of tin oxide and related products, and is dedicated to achieving the highest environmental integrity in all its activities.

Our policy is to comply with, and wherever practical exceed, all relevant regulatory and other applicable requirements, and to minimise any adverse environmental effects resulting from our operations.

To this end Keeling & Walker Limited operates an environmental management system that meets in full the requirements of ISO 14001.

We are committed to deliver continual improvements in energy efficiency, recycling, waste minimisation and environmental performance.

Our environmental management system provides for the setting of objectives and targets, and constant reappraisal of working methods and techniques. This is formally monitored through management review.

Keeling & Walker Limited ensures, via the provision of information, instruction and training, that all employees are fully conversant with our environmental policy and commitment to minimising environmental impact.

This environmental policy is an essential part of the overall business policy of Keeling & Walker Limited and its continuing suitability within our business policy will be regularly reviewed.

Dr Dieter Guhl
